

[Create an account](#)[Learn more](#)[sign in](#)**your interests, mapped**

Speckked is a free web application that enables you to chart, follow and discover people, places or things that interest you. Pinpoint your passions and see where the search may take you.

Map

Chart, locate and share findings with your network.

Follow

Subscribe to people and places that are important to you.

Discover

Explore activities and users to connect with in your area.
